THIS IS UNEVALUATED INFORMATION

- 1 The Trinec (Q50/Q 57) Iron Works, a subsidiary of the  
25X1 Czechoslovak Metallurgical Works (Czeskoslovenske Hute),  
25X1 employs almost 10,000 workers and produces rails, forged  
25X1 strip iron, cast iron tractor parts, steel plates for  
submarines, machine gun parts and tractor and tank tracks.  
Rolled sheet iron made at this plant is shipped to the  
Rolling Mills at Liskovec (Q50/Q 57).
- 2 About 4,000 of the plant's employees, the majority of whom  
25X1 are Poles, are members of the Communist Party. [redacted]  
[redacted] only 20-30 percent are convinced Communists.  
Morale at the plant is low because the employees work a 12  
hour day.
- 3 A recently constructed blast furnace, which makes up one fifth  
25X1 of the plant, operates poorly and needs frequent repairs. It  
is used exclusively for the processing of low-grade Russian  
ore which contains only 30 percent of iron. [redacted]  
25X1 [redacted] nearly one half of all the products made from this ore  
are unfit for use and have to be scrapped.
- 4 Manager of the plant is Ing. (Ing) Pichan, a member of the  
Communist Party, but not a convinced Communist. [redacted] expects him to be replaced by his deputy, Ing. (Ing) Sejon,  
a confirmed Communist.
- 5 Politically the plant is organized into three departments  
Department 1 is headed by Ing. Sejon who is responsible to  
the Ministry of Industry for the fulfillment of the Five-Year  
Plan. Department 2 deals with problems of RCH, the trade  
unions, and is headed by Jindrich Nemetek. Department 3  
takes care of Communist Party membership and is run by Alois  
Cholera.
